

Mickeias Charles de Oliveira Paiva

Fullstack Developer

+55 (21) 97099-2766 | contatomickeias@gmail.com | [Linkedin](#) | [Portfolio](#) | [Github](#)

SUMMARY

Full Stack Developer with hands-on experience building and maintaining web and mobile applications, working across both front-end and back-end development. Strong focus on software quality, with experience creating and executing automated tests (Robot Framework) and manual testing. Solid knowledge of software architecture, designing scalable and well-structured solutions from the early stages of development. Experienced with Angular, React, and Flutter on the front end, and JavaScript/Node.js on the back end. Also experienced IoT integration, Git version control, and Agile methodologies. Passionate about product development from concept to delivery, combining technical implementation with UX/UI and visual design.

Currently pursuing a bachelor's degree in computer science at the Catholic University of Brasília (UCB).

SKILLS

JavaScript, TypeScript, Java, Dart, C, C#, C++, SQL Python, Machine Learning, Swift, HTML, CSS, Flutter, React, Angular, Node.js, RobotFramework, APIs REST, AWS, Postman, Workbench, Apache, Docker, Replit, Arduino IDE, Git, GitHub, Visual Studio Code, JetBrains, Programação Orientada a Objetos (POO), Estrutura de Dados, UX/UI, Agile, SCRUM, Kanban.

EXPERIENCE

Full Stack Developer Intern

August 2026 – Present

CAIXA Econômica Federal

Development and maintenance of web applications, working on both front-end and back-end. Implementation of new features, API integration, database management, creation and execution of automated and manual tests, Git version control, and collaboration within Agile teams.

Full Stack Developer Intern

July 2026 – August 2026

INFRA S.A.

Development and maintenance of web and mobile applications. Implemented new features, created and executed automated and manual tests to ensure software quality, participated in code reviews, collaborated on UX/UI improvements, and worked within Agile teams.

Project Developed:

- ✓ INFRA-TESTER
Desktop application for automated testing using Robot Framework.

Front-End Development Teaching Assistant

March 2026 – July 2026

Catholic University of Brasília (UCB)

Assisted students with HTML, CSS, JavaScript, frameworks, development best practices, and classroom projects.

Full Stack Developer Resident

August 2024 – July 2026

Porto Digital

Developed user interfaces and back-end configurations for web and mobile applications. (Recommendation letter provided.).

Projetos desenvolvidos:

- ✓ InsightPro (Intech)
Business Intelligence platform enabling users to securely visualize and share BI dashboards in a multi-tenant environment.
- ✓ MOV (Azzz)
Preventive monitoring platform designed to reduce cable theft and vandalism in underground infrastructure.
- ✓ LUMA (Ideia Space)
Interactive educational platform that teaches space engineering by allowing users to explore nanosatellite architecture and simulate space missions.

PERSONAL PROJECTS

ListBeat

Offline music catalog application inspired by Letterboxd, allowing users to organize, rate, review, and manage music and albums through lists, comments, and filters. Recognized as one of the featured projects at **HackaTruck Brasília 2025**.

Hobbies

A professional networking and portfolio platform is designed to bridge the gap between university talent and the job market. The application serves as a hub where students can showcase their academic and personal projects, while companies can discover, connect with, and recruit emerging talent through a targeted and interactive experience.

Calculadora de Orçamento por Ponto de Função

Personal web application for estimating software development costs and timelines based on the IFPUG methodology, including PDF proposal generation.

EDUCATION & CERTIFICATIONS

English — Centro Interescolar de Línguas do Guará

2014 – 2017

Graphic Design & Ultimate UX/UI Design — Udemy (EAD)

2022

Java — Udemy (EAD)

2024

Web Development — Catholic University of Brasília

Dec 2024 – Jan 2025

Algorithms and Object-Oriented Programming with Swift — Eldorado (HackaTruck Marketplace)

Feb 2025 – Mar 2025

Cloud Services with Swift (Cognitive Services Focus)s — Eldorado (HackaTruck Marketplace)

April 2025 – May 2025

ADDITIONAL INFORMATION

- Winner of the Proplayer Call of Duty Brazil Internal Championship (2022).
- Graphic Illustrator with experience using Adobe Illustrator and Adobe Photoshop since 2020.
- Served as Scrum Master during university residency projects in partnership with Porto Digital (2024–2026).

Brasília, 18 de junho de 2025

Carta de Referência Profissional

À quem possa interessar,

É com grande satisfação que recomendamos **Mickeias Charles de Oliveira Paiva**, estudante da **Universidade Católica de Brasília – UCB**, por sua destacada participação no desenvolvimento do projeto **“InsightPro – Plataforma com IA aplicada à Educação”**, executado em parceria entre a Intech, a UCB e a Azzz SmartCity Innovations.

Durante o período do projeto, **Mickeias Charles de Oliveira Paiva** demonstrou notável competência técnica, proatividade, criatividade e elevado comprometimento com os desafios e objetivos propostos. Sua contribuição no desenvolvimento da interface, na estruturação da jornada do usuário e na aplicação de metodologias ágeis foi essencial para a evolução e consolidação dos resultados alcançados pelo projeto.

Ademais, destacou-se por sua excelente capacidade de trabalho em equipe, organização, raciocínio analítico e comunicação interpessoal, atributos indispensáveis que, certamente, agregarão valor a quaisquer organizações ou projetos dos quais venha a fazer parte no futuro.

Diante disso, recomendamos **Mickeias Charles de Oliveira Paiva** sem qualquer ressalva, convictos de que sua atuação profissional será marcada por competência, ética e resultados expressivos.

Colocamo-nos à disposição para fornecer informações adicionais, caso se faça necessário.

Atenciosamente,

Renato Moraes Pereira da Luz
